5th International Conference on Logistics & Supply Chain Management

COIMBATORE, INDIA

THEME:

**Supply Chain Drivers – Information Technology
Facilities, Inventory, Logistics & Outsourcing**

August 3 - 5, 2010

PSG Institute of Management
(PSG College of Technology)

PSG Institute of Management
Coimbatore - 4. Tamil Nadu, India

Organised by

In Collaboration with

**The Center for
Supply Chain Management**
Central Michigan University
Mt. Pleasant, MI. 48859, USA.

Significance of the Conference

The past few decades have witnessed the evolution of several management concepts like JIT, TQM, ERP and BPR. Now-a-days, organizations worldwide are focusing more on the management of "supply chain". An integrated supply chain has a tremendous potential to improve customer service and reduce costs. This international conference will focus on this emerging management perspective, with wide participation of academicians, researchers and practitioners from industry.

Call for Papers

Papers in the following areas are invited for presentation in the above conference. The authors are requested to submit three copies of the abstract of the paper, typed in double-space in about 500 words to reach the organizers by December 2009. Abstracts may also be submitted electronically as Microsoft Word documents.

- Supply Chain Design, Planning and Management
- Supply Chain Performance Measures
- Mathematical Modeling for Logistics
- Logistics Management
- Logistics Information Systems
- Logistics in Precision Engineering – MEMS, MOEMS, Nano Technology
- Channels of Distribution
- Inbound and Outbound Transportation
- Customer Relations Management
- Inventory and Materials Management
- Enterprise Resource Planning
- Intelligent Autonomous Control of Manufacturing Systems
- Clean/Virtual/Lean/Cellular Manufacturing
- Just-In-Time Techniques
- Robotics, ASRS, Factory Automation
- Information Technology Tools for Supply Chain Management
- Role of e-Commerce in Supply Chain
- B2B and B2C Technologies
- Auto ID Technologies - RFID
- Global Outsourcing Strategies
- Supplier Relationship Management
- E-Procurement
- Environmental Issues
- Product Life Cycle Management
- Total Quality Management/Total Productive Maintenance in SCM
- Lean Supply Chain
- ISO 9001:2000/ISO – TS 16949:2002/OHSAS 18001
- Benchmarking and Best Practices

Each copy of the abstract should include a title page listing the title of the paper, author(s) affiliation(s), mailing address(es), telephone number(s), fax number(s), e-mail address(es) and the name of the author to whom the correspondence is to be made. The abstracts will be reviewed by two members from an international panel of experts. The corresponding author shall be notified of the decision as soon as the review process is completed. The final paper of the author(s) should reach the organizers by April 2010 for presentation in the conference.

Final papers will be reviewed and those accepted will be included in the proceedings.

As a part of the conference, a student paper contest is also planned to motivate the students from various educational institutions.

Selected papers from the conference proceedings will be considered for publication in the National Journal of Technology/International Journal of Logistic and Supply Chain Management (e-Journal).

Venue : PSG Institute of Management, Coimbatore, India

The PSG Institute of Management was founded in the year 1994, a time when the liberalization was throwing open endless possibilities in the business front for India. The legacy of the PSG group, an uncompromising infrastructure, and the ethos of value based learning, put PSGIM in a niche category. PSGIM Hardly a decade after its genesis, the PSG Institute of Management has raised the bar of expectations to place itself among the top institutions of management in the country. A prime reason for this has been the institution's unwavering commitment to fostering in students, learning based on real world experiences.

Coimbatore City

Coimbatore is a leading center in textile industry in India. But thanks to the innovative entrepreneurship, the city has become a beehive for numerous large, medium and small scale companies from the versatile fields such as general engineering, software, machine tools, foundry, textile machinery, farm equipment, home appliances and auto components. The city is emerging as an example for fast and multifold growth in trade and technology over the years. The city is also gaining a name for Medicare facilities. Tirupur, a town close to Coimbatore generates around Rs. 30 billion in foreign exchange every year through export of garments. Coimbatore is situated in southern part of India, about 500 kilometers from Chennai and is well connected by road, rail and air. Coimbatore has a number of good hotels with tariff ranging from Rs. 900/- to Rs. 3500/- (US \$20 - US \$80). These are located within a radius of 6 kilometers from the venue of the conference. Arrangements for accommodation can be made upon request.

Registration

Enclosed registration forms are to be submitted along with registration fee by draft / money order in favour of "Organising Secretary, ILSCM 2010", payable at Coimbatore. All authors are requested to register as delegates.
